SHIFTING GEARS

**SERIES 5 AVAILABLE
FOR LICENSING NOW!!**

Shifting Gears is the all-new authoritative guide to the latest trends and technology from within today's ever-changing automotive industry. From the racetrack to the suburban street, Shifting Gears delivers the most up-to-date news on cutting edge research, development and design.

We delve beneath the skin of some of the most advanced machines on the planet – we visit international motor shows for the newest releases and concept vehicles; uncover new advances in technology developed both in the laboratory and on the race track; keep up to date in the race for alternative fuels, improved safety, satellite navigation, in-car entertainment and multi-media connectivity; and look ahead to the designs and trends of the future.

From luxury dream machines and fantasy prototypes to the globally marketed mainstays, our access to the world's leading race teams and automotive manufacturers ensure we have every corner covered.

Enjoy the ride, as the future unfolds and we keep on shifting gears!
